

Hello, fellow Roblox users! Are you going to purchase Synapse Plus? Please continue reading this document before purchasing, so you know the guidelines, and so that you know how to set everything up correctly.

To start, you need to download the Synapse ZIP file. You can download the Synapse ZIP file [here](#) . After you finish downloading the Synapse Plus ZIP file, you need to [download WinRAR](#). After you download and finish setting up WinRAR, you need to extract the Synapse Plus ZIP file. To extract the file, you need to right click the Synapse Plus ZIP file, hover over WinRAR, then press “Extract Files”.

Once you finish extracting the files, you need to go to “Virus & Threat Protection”, on your windows search bar.

Then, click “Manage Settings”.

Make sure to disable Real-time protection. After disabling Real-time protection, run “Synapse +.exe”.

	Newtonsoft.Json.dll	3/7/2023 11:09 PM	Application
	Newtonsoft.Json.xml	3/7/2023 11:05 PM	Microsoft E
	QRCoder.dll	6/30/2024 3:50 AM	Application
	README.txt	7/18/2025 8:59 PM	Text Docum
	Synapse +.exe	7/18/2025 8:54 PM	Application
	Synapse.dll	6/17/2025 8:54 AM	Application

Then, it should take you to the Login form.

The screenshot shows the 'Synapse Plus - Login' window. It has a title bar with the Synapse logo and window controls. The main area contains fields for 'Username:' and 'Password:', both with input boxes. Below these fields are two links: 'Lost your password?' and 'Want to register with serial key?'. At the bottom, there is a large 'Login' button.

Account Creation With Serial Key

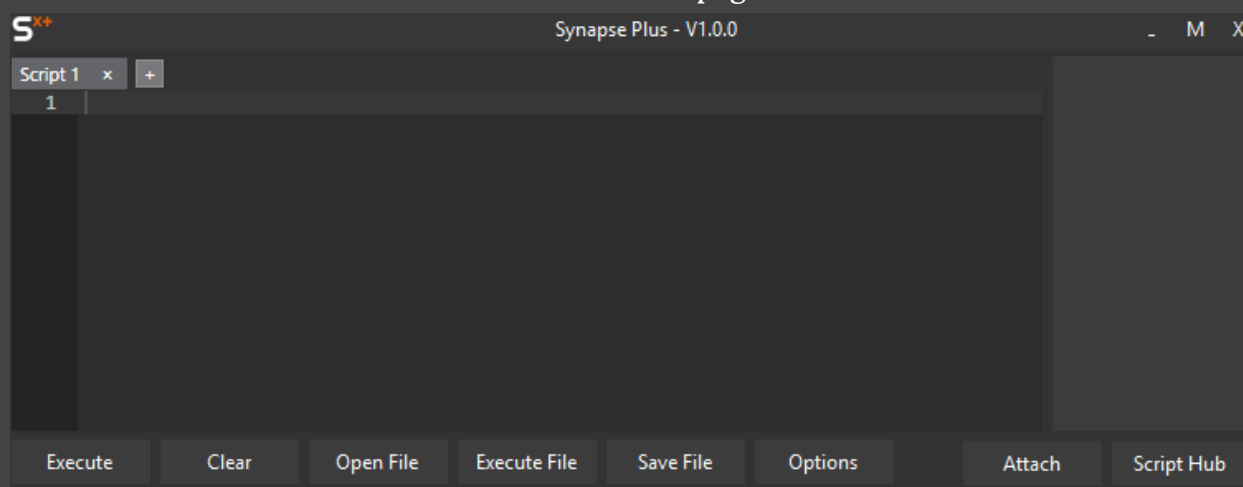

If you have a serial key to create a new account, then click “Want to register with serial key?”.

The image shows a window titled "Synapse Plus - Registration". It contains four text input fields: "Username:" with the text "defaultUser", "Password:" with masked characters ".....", "Email:", and "Serial Key:". Below these fields is a "Register" button.

Now, it should take you to the Registration form. This is where you can decide your username & password. Please note that you are granting Team CorgiSide full access to your Synapse Plus username & password. After you decide your username & password, make sure to put the exact same Email inside of the Email textbox that you put when you purchased a license key. Then, paste in your serial key that you were Emailed into the Serial Key textbox. Once you have filled out all forms, click “Register”. If it’s a valid serial key, then it will state that it’s a valid key. If not, it will throw an error and tell you that it’s an invalid serial key.

Once you successfully create your new Synapse Plus account, you should be sent to the main executor page.

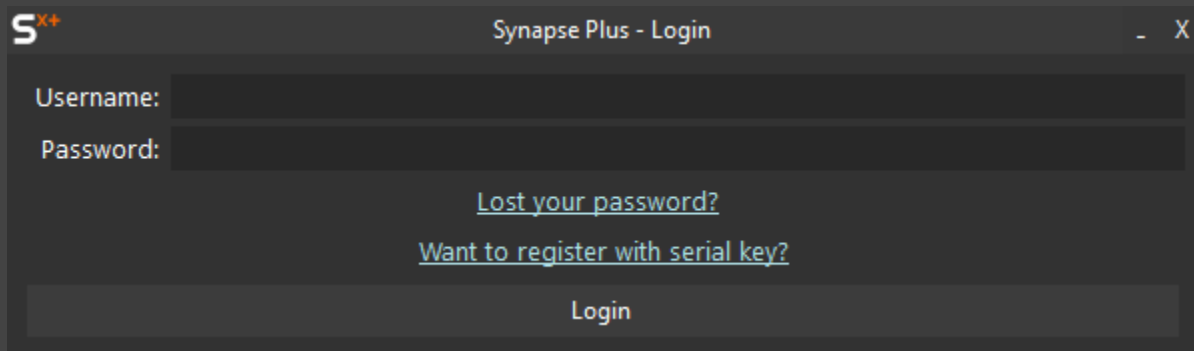

Now, whenever you get a new update, or whenever you re-open the Synapse Plus application, you don’t have to go through the account creation page again!

NOTE: Do NOT Ever Share your Username, Password, or License Key with another user.

Logging in with Username & Password

If you have already created an account with a valid license key, and you want to log back into your account, then let's get you logged back into your Synapse Plus account.

Start by running "Synapse +.exe". Then, it should take you to the login form automatically.

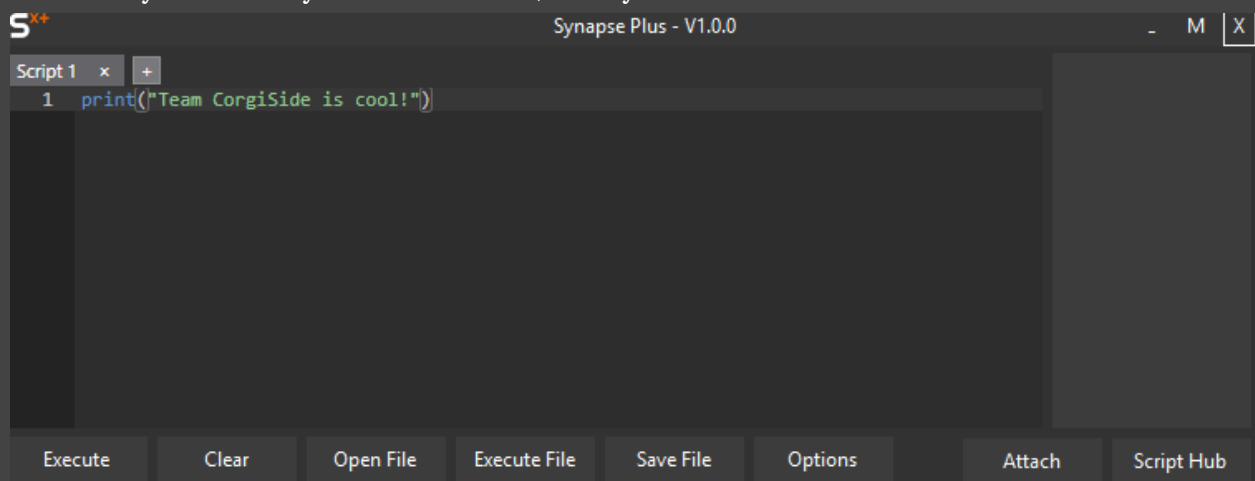

A screenshot of the Synapse Plus - Login window. The window has a title bar with the Synapse Plus logo (S+) and the text "Synapse Plus - Login". Inside the window, there are two input fields: "Username:" and "Password:". Below these fields, there are two links: "Lost your password?" and "Want to register with serial key?". At the bottom of the window, there is a "Login" button.

Type in your username & password.

If the info that you submitted is valid, then the software should tell you. If it's not valid, then make sure that you have submitted the correct info.

If you are positive that your username is correct, but you have forgotten your password, then you can email us [here](#).

After you submit your correct info, then you should be taken to the executor form.

Enjoy using Synapse Plus with your lifetime key!

Terms of Service

By downloading Synapse Plus, you are agreeing to the terms of service by Team CorgiSide.

TERMS OF SERVICE | You are granting full access to have your Email, Username, Password, & License Key viewed and able to be changed by Team CorgiSide. You are agreeing for us to Email you whenever we want to. You are giving Team CorgiSide access to your system32 directory, and your kernel32.DLL file, located on your Desktop. You are giving us full access to create new files onto your Desktop as we want, and we are able to change anything on your Desktop. If you do not agree to the terms of service, or try to bypass the terms of service in any way, your Synapse Plus account will be terminated, and you will no longer be allowed to create another Synapse Plus account with that Email.
